

Helpful Apps

These Apps will make your everyday life easier:

[Deutsche Bahn App](#)

The Deutsche Bahn Navigator App will help you to easily and quickly find bus and train connections. TIP: With the Semester Ticket you can use public transport throughout NRW for free. Unfortunately, the use of IC-, EC- and ICE-trains with the Semesterticket as well as driving in 1st class is not allowed.

[ASEAG Mobil – App](#)

Through the ASEAG App you will always get informed about the current departure times for more than 2,000 ASEAG bus stops in real time. In case of delays or other disruptions during the transport operations, the app shows you the estimated departure time down to the minute.

[RWTH App](#)

With the help of the RWTH app you have the most important information about your university life always with you. You have direct access to the following platforms: L2P, Campus Office, your timetable, your grading overview, study rooms, the University Library (borrowing, etc.), canteens and their menus, a room search, and even HiWi job offers. There is also an Ersti info.

[Jodel](#)

Jodel is an app that is comparable to the social network Twitter. It gives people from Aachen the possibility to anonymously share posts (so-called yodels) such as thoughts and pictures or ask for tips for restaurants etc. Meanwhile, you can also join certain channels and get to know new people or just pass your boredom. The app is mostly used by students. The app was even published by a RWTH Aachen alumnus.

[ToogoodToogo](#)

Too Good Too Go is an app that helps you find restaurants or supermarkets where you can buy over-produced and unsold meals and food at a discounted price. Thus, for example, gastronomic companies do not have to throw away their good food.
